- 1) Your child's full name and age
- 2) The Moose Boost class(es) you would like to register for
- 3) Parent(s) email address and phone number

## Moose Boost- Class Descriptions

### **Kindermusik**

The #1 music and movement program for kids, will be hosted again this session at Dancing Moose. Research proves that music is the best activity for enhancing every area of a child's development. These classes will immerse your child in a rich, developmentally appropriate environment while our multi-sensory approach to learning will improve his ability to think, reason, create and express. Your child will delight in this class where we sing, dance, play instruments, imagine and more! This will be a new class from Ms. Mandi.

### **Aerospace Engineering**

From the birds to the Wright Brothers, flight has always captured the imagination, wonder, and curiosity of us Earthbound humans. Aerospace engineering will spark the creativity of your child as we explore concepts such as lift and drag, thrust, and nose cone and fin design. Your child will not come home with working models of planes, rockets, and parachutes, but will also bring home a understanding of the engineering design process.

### **Hip Hop**

Ms. Heather will be teaching an introduction class to Hip Hop. This exciting class proves that dance is a great way for kids to gain self confidence and get out some wiggles! This class is for boys and girls of various ages who want to learn some fun moves while dancing to cool beats.

### **Exploring Food:**

This class will explore all aspect of food and cooking from where our food comes from all the way to eating food from all around the world! Children will learn how to make healthy snacks, be playful and creative with their food and attempt a wide variety of different foods they may never have eaten before! This is a hands-on creative class every child would enjoy.

### **Dodgeball**

Coach Dave will be teaching this fun and energetic class. Children to learn how to play the classic game of Dodgeball. This will be a really active class and will work on skills such as throwing, as well as team building and working together. Any child would enjoy this class!

### **Love & Logic for Parents**

Raise children who are self-confident, motivated, and ready for the real world with this win-win approach to parenting. Your children will win because they'll learn to solve their own problems while gaining the confidence they need to meet life's challenges. And you'll win because you'll establish healthy control-without resorting to anger, threats, nagging or exhausting power struggles. Parenting with Love and Logic puts the fun back into parenting.
